Empowering African American Young Men

Mentoring Brother 2 Brother, Inc. was created with the primary mission to successfully organize at-risk minority young men between the crucial ages of 6 to 18, strategically mobilizing them through educational tutoring, leadership training, mentoring programs and community service projects to be a catalyst in directing their paths away from negative peer pressure, unacceptable moral behavior, gangs and other negative urban-living obstacles, and empowering them to become our future leaders and thinkers as well as socially, culturally and community conscience African American young men.

Mentoring Brother 2 Brother, Inc.
2008 Atlanta, Georgia Field Trip
Financial Donation Opportunities Request

As a part of our program mission to develop strong, culturally and socially empowered young African American young men, the Mentoring Brother 2 Brother organization has planned a **cultural and educational enrichment field trip to Atlanta, Georgia, August 7-10, 2008.**

This field trip is primarily designed to show our mentees the importance of embracing diversity, expanding their thinking in academic or career pursuits, and to further develop social skills that are necessary in today's world.

Selected participants who will go on this field trip to Atlanta will gain the experience in traveling to areas outside the Dallas metroplex area, many of whom have never rode in an airplane or traveled outside the south Dallas area.

Our tentative Atlanta itinerary includes visits to Morehouse College, the Georgia Aquarium, the Coca-Cola Headquarters and The Martin Luther King Center.

Each MB2B Mentee selected to participate in this field trip has shown exceptional character and integrity skills or significant improvements during our current fiscal year in the following areas- Academics, Leadership, Team Building or Community Service.

We look forward to your financial partnership in this effort. Our current fundraising goal is \$10,000.

Mentoring Brother 2 Brother, Inc. is non-profit organization that is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code and contributions are tax deductible to the extent allowed by law.

If you have additional questions about this field trip, you may contact Mr. Terrence Chase at 972-345-9194 or at chase@MB2B.org
